

## ONLINE PARTICIPANT INFORMATION STATEMENT

*Desire Lines User Behaviour Research: Initial Scoping and Feasibility*  
Dr Elnaz Irannezhad

### 1. What is the research study about?

You are invited to take part in this research study. The research study aims to investigate factors affecting the street crossing behaviours of public transport users. Since you use public transportation, your answer will assist in determining which policies are most effective to influence a safe crossing behaviour among pedestrians around public transportation stations.

### 2. Who is conducting this research?

The study is being carried out by the following researchers: Dr Elnaz Irannezhad, Dr Milad Haghani, Associate Professor Taha Hossein Rashidi, Maziar Yazdani, Civil and Environmental Engineering - UNSW Sydney.

**Research Funder:** This research is being funded by iMOVE Australia.

### 3. Inclusion/Exclusion Criteria

Before you decide to participate in this research study, we need to ensure that it is ok for you to take part. The research study is looking recruit people who meet the following criteria:

- Study participants are pedestrians who switch travel modes in two selected areas and choose desire lines for going from one location to another.
- Participants must be 18 years of age or older.

### 4. Do I have to take part in this research study?

Participation in any research study is voluntary. If you do not want to take part, you do not have to.

If you decide you want to take part in the research study, you will be asked to:

- Read the information carefully (ask questions if necessary)
- Complete the online questionnaire.

### 5. What does participation in this research require, and are there any risks involved?

If you decide to take part in the research study, we will ask you to complete an online questionnaire. The questionnaire will ask you questions about factors affecting the street crossing behaviours of public transport users. It should take approximately 5 minutes to complete. Upon completion of this survey on-site, the participants will be rewarded with a \$10 coffee voucher. Respondents who complete the survey off-site will be entered into random draws in which 20% of respondents will be rewarded with \$10 coffee voucher.

If you experience discomfort or feelings of distress while participating in the research and you require support, you can stop participating at any time. You can also tell a member of the research team and they will provide you with assistance or alternatively a list of support services and their contact details are provided below.

### 6. What are the possible benefits to participation?

We hope to use information we get from this research study to assist infrastructure designers in providing better designs and safety outcomes for users, with a focus on pedestrian connector routes to PT stations and terminals.

### 7. What will happen to information about me?
